## Notes to editors

### **Bidstack**

Bidstack is an advertising technology company which provides dynamic, targeted and automated native in-game advertising for the global video games industry across multiple platforms. Its proprietary technology is capable of inserting adverts into natural advertising space within video games

Bidstack's customers are games publishers and developers (on the supply side), and advertising agencies, brands and programmatic advertising platforms (on the demand side).

Bidstack contracts exclusive access to the native in-game advertising spaces within video games from their developers or publishers and sells that advertising space either directly to specific brands and their agencies or through programmatic advertising platforms.
